**MCU
is celebrating our
80th Anniversary
in November!
Come celebrate
with us!
November 16-21**

Message from the Board Of Directors

The Board of Directors and Management of MCU would like to take this opportunity on our 80th Anniversary to thank you, our member-owners, for your membership in and loyalty to Members Credit Union.

As a small, not for profit financial cooperative, we are able to form relationships with our members that you won't find in a large for profit financial institution. We feel so privileged to know our members by name, not by number, and to be able to develop personal relationships with so many of you.

With the oversight of a volunteer Board of Directors, Management designs products and services that are inexpensive, not buried in small print, and bring good value to our member-owners.

We welcome your suggestions and input at any time and always appreciate new volunteers. After all this is **your** credit union!

safer, available the first day of the month and for over 7 years online, much more cost efficient and better for the environment. We began charging \$2.00 for paper statements in May 2013. Switching is easy and can be done online. Contact us today to begin receiving e-statements.

Classroom Project Scholarships

Do you need funds for an educational project, program or event which will benefit the students in your classroom? In celebration of our 80th anniversary, Members Credit Union is pleased to offer a scholarship program to help provide funds for additional learning opportunities for the students in our partner schools.

Any staff or faculty member of a school associated with MCU, which includes Greenwich Public Schools and many private schools in Greenwich, may apply for a scholarship to assist with funding a classroom project. The use of the scholarship should be related to education and directly benefit a group of students, not an individual. Preference will be given to projects that provide the students with financial education.

Applications are due by November 14, 2015. Winners will be announced on November 18, 2015.

Financial Reality Fair for GHS Students

On Wednesday, November 17, MCU staff and volunteers will be holding a Financial Reality Fair for students in the Greenwich High School financial education classes. This is an experiential learning exercise for students, who choose a career, research the starting salary; then have to budget for living on their own with necessities including housing, transportation, food, clothing, cell/phone, internet and entertainment. It is a great experience for the students, and they come away with a greater understanding of what it costs to live on their own in the real world.

If you would like to volunteer 2 hours of your time and have a great experience with high school students please let MCU staff know.

No special skills are needed and we would appreciate your participation.

Anniversary Week Special Events

Throughout the week we will have special events, including snacks and giveaways, a prize wheel, trivia winner announcements and some surprises as well. Please stop in and see us!

Cooperatively,

Kathy L. Chartier
President
